

PIUSI YELLOW USER KEYS PKT10 F1590400A

F1590400A

Pack of 10 yellow user keys for Piusi FMS fleet management systems. Track driver fuel usage and simplify reconciliation on multi-user diesel sites.

FEATURES

- Pack of 10 yellow user keys
- Compatible with Piusi Access 85
- Assigns fuel transactions to driver or vehicle
- Durable construction for workshop environments
- Yellow colour coding for fleet organisation

BENEFITS

- Know who took fuel and when, no paperwork
- Catch misuse and over-fuelling before it blows the budget
- Yellow colour lets you assign by department or shift
- Keys survive pocket abuse better than paper docketts
