

PIUSI HOSE REEL GREASE 3/8"X15M SPRING REWIND HA40153800A

HA40153800A

FLUID COMPATIBILITY

Grease

Heavy-duty spring rewind hose reel for grease service. Hot galvanised steel construction, 9.53mm ID hose, 15m reach. Built for workshop and field lube bays.

FEATURES

- The guide rollers on the arms facilitate the unrolling of the hose, avoiding friction that would cause a gradual deterioration
- The hose can be locked at the desired length
- Ratchet prevents unlock when hose is completely extended
- Corrosion resistant: the hot galvanized steel structure is moulded and coated with electrostatic polyester powder UV rays resistant

BENEFITS

- Easy and versatile installation through the optional revolving stand and the adjustable arm positions
- Spring-driven retractable hose
- Hose stop
- Safety: lateral protective covers

TECHNICAL SPECIFICATIONS

Max Pressure	400 bar	Material	Hot galvanised moulded steel
Hose Diameter	9.53mm internal diameter	Construction	Electrostatic polyester powder coated
Hose Length	15m	Rewind	Spring-actuated automatic
Mounting	Wall, min 2.5m above floor (4 x 10mm dowels)	Application	Grease dispensing

USE CASE & APPLICATION

- Workshop lube bays
- Fleet maintenance facilities
- Mining and earthmoving service bays
- Agriculture machinery workshops
- Industrial equipment servicing
